Endorsement Letter

This letter serves to confirm the Departmental endorsement for the construction of a learning and accommodation centre for beneficiaries of the Leadership Development Programme for future Scientist, Engineers, Technologists and other young people within the Gert Sibande District.

The concept of a youth centre is in keeping with the Government's pursuit to develop the required skills amongst the youth so that they could freely participate in activities that will emancipate the economy of this country.

It will be prudent that this vision is shared with other relevant bodies or institutions such as the Mkhondo Local Municipality.

I wish you the best in this noble endeavour.

Kind Regard,

MRS MR MHAULE (MPL)
MEC FOR EDUCATION
